

70km Lighthouse Discovery Ride.

This intermediate level ride takes participants along the Great Ocean Road and side roads that pass through stunning rainforest, country fields and magnificent coastal scenery to the majestic Cape Otway Lighthouse where you can be wowed by the incredible cliff top views.

The course is an out-and-back ride that's 35km one way from the start at Apollo Bay to the Cape Otway Lighthouse. There will be a range of food and drinks available at the lighthouse when you get there so you can kick back and enjoy the scenery before riding back again.

The ride goes past the following tourist features and optional stop off locations:

- The Cape Otway Lighthouse with its spectacular cliff top views and historic surrounds all set in the beautiful coastal setting around the cape. There will be a range of food providers, drinks and coffee here for you to top up on
- Drink station and self guided tour along the short rainforest walk at Maits Rest

The ride includes some challenging hills that we encourage you to train up for, but also rewards riders with some thrilling descents and fast sections. Check the map below.
